

WOODGROVE SECONDARY SCHOOL
2019 After-Curriculum (Academic) Programme Schedule

SEMESTER 2

Sec 1 to Sec 3 & Sec 4 NA/NT

What is it?

- A whole-school approach to provide a more structured after-curriculum time academic enrichment programme or remediation/make-up class.

How is it structured?

- To avoid over-taxing the students and teachers, there will be different subjects focuses on different days.
- A time slot is given to each of the subject. It is **not compulsory** to use the slot given every week. It is encouraged that extra remediation is only given **when necessary**. If an earlier time slot (2.45-3.30pm) is not utilised, the department with the later time slot (3.30-4.15pm) can fill the slot instead after seeking clearance from the department with the earlier slot.
- Subject Teachers are to plan for remediation according to the given slots. In the event that they need to use other days, priority will be given to the subject which is allocated that slot and they will need to ask the respective subject teacher if remediation will be carried out on that day.
- It allows IP departments a more effective and efficient way of planning for stream/level after-school enrichment activities.

Important matters to take note:

- Subject Teachers must issue notification forms (attached) to students **at least ONE week** before the conduct of the planned lesson.
